## INTRODUCTION & SPECIAL MESSAGES

### SCOUTING IN THE WORLD

The aim of the Scout Movement is to provide opportunities for the development of one's character in order that a citizen can become a person of honour with self-discipline, self-reliance and the willingness and ability to serve the community.

Currently there are more than 40 million Scouts, young people and adults, male and female, in over 200 countries and territories. Some 500 million people have been Scouts, including prominent people in every field and the heads of state of a number of countries.

All this began with 20 boys and an experimental camp in 1907. It was held during the first nine days of August in 1907 at Brownsea Island, near Poole in Dorset, England. The camp was a great success and proved to its organizer, Robert Baden-Powell that his training and methods appealed to young people and fostered positive development.

World Scouting today is a confederation of 162 National Scout Organizations in a network of over 40 million members in more than 1 million local community Scout Groups. Some 7 million are adult volunteers supporting the program and activities by providing guidance to youth members.

### THE 33RD KERRISDALE SCOUTS GROUP

The 33rd Kerrisdale Scouts Group was started in the winter of 1999 at the St. Matthias & St. Luke Anglican Church, which provided the space for the regular Scout meeting every Saturday. It started out with only 22 Cubs but grew to a peak of 165 members, with full compliments of 5 sections from the Beaver Colony to the Rover Crew.

Scouting is a skill building program where skills for ethical leadership are built in small steps that nurture the development of a member's sense of responsibility for his or her choices and their effects on others. As such, the skills for ethical leadership are built much the same way as members build their knotting skills: First by learning simple knots like a clove hitch or a square knot, then building on those skills as they learn to lash and ultimately build a large structure such as a monkey bridge.

This year, the 33rd Group celebrates its 20th anniversary, continuing to place great emphasis on leadership development.

### MISSION STATEMENT

*The 33rd Kerrisdale Group emphasizes the importance of life outside the classroom.*

*Our mission is leadership development.*

*We want to graduate motivated learners, problem solvers, effective communicators and Responsible young adults who are ready to make a real difference.*

### SPECIAL MESSAGES

The 33rd Kerrisdale Scouts Group is privileged to have received the following letters of congratulations on the occasion of its 20th Anniversary from such distinguished members of the government and Scouting community.

## ***A Message from the Lieutenant Governor***

As Lieutenant Governor of British Columbia, it is my pleasure to congratulate the 33<sup>rd</sup> Kerrisdale Scouting Group on 20 years of leading youth and serving your community.

Over the years, I've had the privilege of serving in many different formal and professional roles. However, I've always described myself primarily as a community volunteer, and therefore have great appreciation for the dedication of the volunteers and leaders that support Scout Groups. Over the past 20 years, it is by your example that so many young people have accessed exciting new experiences, resulting in increased confidence, independence and responsibility.

Scouting is a means of a personal journey of discovery. It encourages our youth to be the best they can be in all aspects of their lives. Outdoor adventures, artistic pursuits, and opportunities to contribute to the community are all elements of scouting that will help grow our youth into the strong and capable leaders of tomorrow.

On behalf of Her Majesty Queen Elizabeth II, please accept my sincere congratulations on the longevity and successes of the 33<sup>rd</sup> Kerrisdale Scouting Group, with many more years to come.

Sincerely,

The Honourable Janet Austin, OBC  
Lieutenant Governor of British Columbia

HONOURABLE JODY WILSON-RAYBOULD,  
MEMBER OF PARLIAMENT VANCOUVER GRANVILLE

### GREETINGS

I am delighted to extend my best wishes to the Scouts, parents, volunteers, and staff of the 33<sup>rd</sup> Kerrisdale Scout Group as you celebrate your 20<sup>th</sup> Anniversary.

Scouts play an important role in helping to form responsible young citizens by extending the classroom experience of youth into the broader community and encouraging more awareness and engagement in the environment. Climate change is the number one issue of our generation and the youth of our community are important contributors to the solutions we need to ensure a sustainable future for our society.

The work of Scouts in our community cannot happen without the dedicated families and volunteers who support the programs and activities of the group. Thanks to their efforts, Scouting groups are able to enjoy diverse and memorable experiences. To all the families and volunteers who are here today, take pride in the impact that your gifts of time, energy, and dedication have made in the lives of so many

young people in our community.

Organizations like the 33<sup>rd</sup> Kerrisdale Scout Group are important contributors in shaping our communities for the better, ensuring that our young people have the tools and support to reach their full potential in our Canadian society. Truly, we are a community and country better for it!

Please accept my warmest congratulations on your milestone anniversary. I wish you continued success!

## A MESSAGE FROM PREMIER JOHN HORGAN

As Premier of the Province of British Columbia, I would like to congratulate the 33<sup>rd</sup> Kerrisdale Scout Group on its 20<sup>th</sup> Anniversary and welcome everyone to the celebratory gala dinner.

Scouting provides youth with an incredible opportunity to enjoy new experiences and explore the outdoors while developing valuable life skills that will benefit them for years to come. The 33<sup>rd</sup> Group has been offering Scout programs to youth in the Kerrisdale community since its inauguration in 1999 and puts a particular focus on fostering personal growth and leadership development outside of the classroom setting. The engaging activities help members learn to think critically, build relationships, and communicate effectively. The Group has also been active in the community, and members have participated in a variety of local events such as the Vancouver Sun Run and the Kerrisdale Parade.

Tonight's event is a celebration of the tremendous impact that the 33<sup>rd</sup> Kerrisdale Scout Group has had on its members and the community over the last 20 years. Through teaching the skills and values at the core of the Scouts' philosophy, this Group has given youth the tools to grow into responsible and active citizens who can create positive change and give back to their communities.

I would like to commend the 33<sup>rd</sup> Group and its many volunteers and Scout leaders for their service and dedication and thank the organizers of tonight's gala for all their hard work in putting together this wonderful celebration.

Congratulations, once again, on reaching this important milestone!

## GREETINGS

It is my great pleasure to extend my warmest congratulations to the 20<sup>th</sup> anniversary of the 33rd Kerrisdale Scouts Group.

Since its establishment in 1999, the Group has been dedicated to providing opportunities to engage youth, help them develop skills that they would not otherwise learn from regular schooling.

As a scout when I was young, I am always very grateful for the program that helped me build my leadership and social skills. I commend the passion, dedication, and hard work of the Council, members, alumni, and volunteers of the 33rd Kerrisdale Scouts Group. Your tireless efforts have prepared many young adults to become motivated learners, problem solvers, and effective communicators so that they are ready to make a real difference in their lives.

Please accept my best wishes to all the participants of tonight's celebrations.

Here's to the next 20 years!

Sincerely,

### A Message from the Mayor

On behalf of the citizens of Vancouver and my colleagues on City Council, I want to extend my warmest welcome to everyone attending the 20th Anniversary of 33rd Kerrisdale Scouts Group on November 23rd, 2019.

The 33rd Kerrisdale Scout Group was founded in 1999, this active youth organization is celebrating its 20th anniversary and for those years it has trained hundreds of Vancouver's youth in the values of active citizenship, outdoor skills and leadership. As Mayor, I am proud of the group's leaders emphasizing the importance of life outside the classroom, with its mission to develop leadership skills within its members. The goal is to graduate motivated learners, problem solvers, effective communicators and responsible young adults who are ready to make a real difference to the community.

Best wishes for a successful and memorable celebration.

Sincerely,

A handwritten signature in black ink that reads "E Kennedy Stewart".

## COMMISSIONER JOHN GEYER

November 2019

### A Message from the Commissioner

On behalf of the Pacific Coast Council, I am happy to extend our congratulations to the 33rd Kerrisdale Scouts Group for reaching their 20th year anniversary!

What began as a fledgling endeavour has now grown into an incredibly strong and vibrant organization. On November 23rd, as the group marks this major milestone in their journey, they have 87 registered youth to whom they are providing the Scouting experience. The 33rd Kerrisdale can take pride in this accomplishment and for the wonderful support and dedication of their volunteer Scouters that deliver the incredibly important Scouts mission.

For the many years of service to reach their 20th anniversary, the Council humbly extends our heartfelt thanks to the group's leadership, volunteers, sponsor, parents and all the wonderful youth that participates and makes the program possible.

The Council wishes everyone a very memorable anniversary celebration and looks forward to seeing all the great experiences to come in the years ahead.

Sincerely

A handwritten signature in black ink, appearing to read "J. Geyer".

## GROUP COMMISSIONER'S REPORT

As the 33<sup>rd</sup> Group celebrates her 20th Anniversary, I am very pleased to report that we have reached another milestone in providing our youth with the challenges and training to help them achieve their goals and prepare them for their future.

It is my honor to be able to serve alongside with a team of dedicated leaders who spend countless hours working with the youth teams and providing valuable advice to ensure that they learn skills throughout the process and that the programs and activities are both safe and stimulating for all the participants. Indeed, it is a blessing for our Group to have this team of leaders who came from diverse backgrounds and professions, sharing their experiences in IT, HR, security, engineering, marketing, project management, construction and other. It is an even greater blessing for the Group to have a younger generation of leaders on the leadership team – almost all of them are going through their post-secondary studies while taking time out to lead programs and sharing the skills they have learned while growing up with the Group.

Our succession strategy in the last 3 years has been to develop a future generation of young leaders to take over the management of the Group and the Sections, hence we have invested energy and resources to retain and coach young adults such as the Venturer Scouts and the Rover Scouts. For the last two years the Venturer Company has shown stability and is a growing section with increased retention. Today the Group is witnessing a Venturer Company comprising of 13 Venturer Scouts and a Rover Crew with 5 Rover Scouts. I expect the same trend to continue over the next 2 years with young adults graduating from the younger sections and gradually phasing into positions of responsibility – this is a significant step to ensure continuity in the leadership of the Group. To this end, the position of Group Youth Commissioner was created during the year and Curtis Chen, a member of the Venturer Company, was appointed to the post to act as a liaison between the Sections and the Leadership team.

In order to make the succession strategy work, the senior sections will need to grow and this can only be achieved with the harmonious support from all the junior sections, such as the Beavers and Cubs, to sustain the growth. One step towards harmonizing the sections is the progressive badge system that the leadership team put in place. This was done to make the Canadian Path system visible and consistent amongst the sections from the Beaver Colony all the way to the Venturer Company. We have researched different badge systems from different countries and combined the essence of each to suit the needs of our youth as well as a path to develop as a total person in terms of their physical, mental and spiritual growth. To get a better understanding of the Progressive Badge System and help the youth, all parents are encouraged to get details of the progressive badge system from our Group's website [www.scout33.org](http://www.scout33.org).

We could not have done all the activities and programs without the leaders that we currently have on the leadership team. Please join me in welcoming Scouter Charlie, Scouter Sarah, Scouter Jian, Scouter Thomas and Scouter Yvonne as new additions to the team this year. They are playing a pivotal role in providing their sections with engaging programs and guiding the youth to learn from and explore what is around them.

On the administrative front, I would like to welcome Ms. Tracy Tai as the Group Treasurer, as well as Ms. Mabel Ser being our Group Secretary and Mr. Charles Lee being our Group Auditor. Together with the other administrative team members, they are fulfilling an important function to enable all the youth's learning in the Group.

Our 20th Anniversary Gala Dinner will not be possible without another team of dedicated parents led by Camille Siqueira in areas like catering, promotions, annual report publications, souvenirs procurement and ticketing. Last but not least, my special thanks go to Mrs. Florence Lou who is retiring from being our Group Treasurer for over a decade.

Lastly, I would like to share what Scouts Founder BP wrote in his book, Lessons from the Varsity of Life:

*Scouting is a game with a purpose - Scouting is about three things:  
It's about fun. It's about values, and it's about learning.  
Fun is the game, learning is the process, and values are the purpose.*

*Martin Kwok*

*Group Commissioner*

## GROUP YOUTH COMMISSIONER'S REPORT

Every year of Scouting involves a special change that gives it personality. In 2016, we changed the very framework of Scouting by switching to the new "Canadian Path" system. In 2017 and 2018, we implemented additional iterations to those changes, such as adding new programs, opportunities, and processes to improve scouting as a whole. This year is no different. With the advent of our group's 20th anniversary, the 33<sup>rd</sup> Kerrisdale Scouts Group has decided to add a role into its ranks: the Group Youth Commissioner.

The Group Youth Commissioner's role is designed not only to provide leadership opportunities for the group's youth, but also to serve as a central node for feedback going to all parts of the group. In other words, this role allows the youth to effectively communicate their wants and needs to the Scouters, ensuring that this year's program fits those wants and needs. With this new role in place, the 33rd Kerrisdale Scouts Group has opened its doors to a new way of Scouting that will allow its youngest members to have a significant impact on this year's programs.

Over the next few years, we can expect Scouting to change. The main goal of this change is to involve youth in the leadership team and the group's leadership process to teach them to become competent leaders. By slowly incorporating more modern programs from Scouts Canada into this group, we will be able to shape the next generation of our members into smart, practical, and self-sustaining leaders. The future of the 33rd Scout Group is brighter than ever!

*Curtis Chen*

## THE BEAVER COLONY

Beaver Scouts opens the door for a child between 5 and 7 years old to discover the world. It is filled with a little bit of everything – outdoor activities, games, music and sports. Along the way, Beaver Scouts meet new friends, learn cooperation and teamwork and develop self-confidence.

### **Beaver Colony Leader Report**

2018-2019 has been a wonderful year for Beaver Colony.

Beavers have enjoyed various activities and outings in the past year, there were Stave Lake Fall Camp, Breakfast with Santa, Camp Capilano Winter Camp, Apple Store Field Trip, Beaver Lake hike, Sun Run, Hollyburn Cabin Day Camp and Richmond Go-Karts. The Beavers were really excited and had so much fun.

Six Beavers have received the North Star Award – the highest award in the Beaver Section. They are Abraham Cheng, Alan Ye, Ayden Chen, Hailey Jung, Michael Tsang and Taylor Wong. We would like to congratulate them and wish them the best as they continue to pursue higher achievements on their Scouting path!

We would like to say thank you to all Beaver parents who supported and helped. Special thanks to Colony Treasurer Ruby Tang, Contact Parent Liza Wong and Badge Secretary Fang Xie, who spent many hours helping the Colony.

Last but not least, I would also like to thank my fellow scouters, Scouter Charlie Ng, Scouter Nelson Fu, Scouter Sarah Wong, Scouter Tammy Lam and also the assistant Scouters, Adrian Chen, Andrew Wong, Nathan Kwok, Moon Liu and Olivia Wong. Without their hard work and dedication, Beaver activities would not have been so successful.

## THE WOLF PACK

With the Cub motto of "Do Your Best" front and centre, Cub Scouts (aged between 8 and 10 years old) are encouraged to try new and more challenging activities. Along the way, Cub Scouts learn how to take care of themselves and work as a team – and most importantly have a lot of fun!

### Cub Pack Leader Report

The Cub Pack had a fun, busy year in 2018-2019 with many new and challenging activities. Highlights of the year included a Fall Camp at Stave Lake, a Winter Camp at Camp Capilano, the Queen Elizabeth Park adventure, the Vancouver Zoo sleepover, and the annual Kub Kar competition.

This year, the group developed the Progressive Badge System, a framework consisting of six program areas: Environment & Outdoors, Leadership, Active & Healthy Living, Citizenship, Creative Expression, and Belief & Values. The Cub program was then designed around this framework, ensuring that the Cubs had learned the scouting skills appropriate to their ages.

At the Queen Elizabeth Park adventure, we did an 'Amazing Race' style activity. The cubs were asked to find out how to get from Jamison Elementary School to Queen Elizabeth Park as a team (in their Sixes). It was a simple task yet an adventurous activity for them because it required them to work as a team towards a common goal. This activity was particularly significant because it allowed the Cubs to work together without help from a Scouter. In the end, all teams were able to arrive at the destination.

Senior Cub Scouts were encouraged to pursue the Seeonee Award, the top section award for Cubs. To earn this award, each Cub member has to earn twelve badges, complete ten hours of service work, and lead a community project. Five Cubs have worked very hard and achieved this highest award this year. They are Alex Cheng, Hillon Hui, Christopher Lee, Minnie Wei and Jaden Liou. Congratulations!

At Winter Camp, the Pack created their own menus, went grocery shopping and made their lunch from scratch. The cooking fun did not stop, and the Pack continued to cook their dinner at the Zoo sleepover

The annual Kub Kar event continued to be many Cubs' favourite. Jerry Xin, Audrey Wai, and Owen Poon won our in-house Kub Kar Rally. In the Pacific Spirit Area Kub Kar Rally, Christopher Lee won 4th place and Jerry won 6th place in the speed category; Alex Cheng won 2nd place in the design category. Alex continued to compete in the final competition at the Pacific Coast Council Kub Kar Rally and won 1st place in Design. Well done!

## The 33rd Kerrisdale Scouts Group

Throughout the year, the Pack also participated in community events which were led by our Senior Cubs, including a Neighborhood Cleanup, a Charity Donation Competition, a Shoreline Cleanup, the Church Cleanup, and Sandwich making for the homeless.

Overall, this scouting year was a successful year for the Cub Pack. Thanks to Pack Treasurer Lubin Liou, Parent Coordinator Julia Hu, Badge Secretary Philbert Yu, and Badge Testers Charles Lee and Tim Wong for supporting the Pack throughout the year!

Finally, special thanks to our Group Commissioner, Scouter Martin, for all his support to the Pack as well as to all the Pack scouters - Scouter Alvin, Scouter Ed, Scouter Eleanor, Scouter Ian, Scouter Jian, Scouter Thomas, Scouter Yvonne - for their dedication during the year. Pack activities would not be the same without their guidance and hard work.

## THE SCOUT TROOP

Scouts (between 11 and 14 years old) enjoy outdoor adventures like mountain biking, rock climbing and camping while working together with other young people to accomplish thrilling challenges. Scouting is a game with the purpose which provides a program that builds character, instills the responsibilities of participating citizenship and develops leadership and personal fitness. Its mission is to prepare young people to make ethical and moral choices over their lifetime by instilling in them the values of the Scout Oath and the Scout Law.

### Scout Troop Leader Report

In the 2018-2019 Scouting Year, our Scout Troop comprised of 25 members: 4 new, 2 moving up from Cubs and 19 returning members. Scouts enjoyed several outdoor adventures while working together with other young people to accomplish thrilling challenges.

We had 3 camping trips: Fall camp at Stave Lake (back to basics – carrying big equipment on their own power & cooking food without cooking utensils), Winter camp at Whistler (winter shelter building & ice-fishing) and Summer Expedition camp at Camp Byng on the Sunshine Coast. We challenge the Scouts to plan this backpacking trip by themselves and they have to make their own way to the campsite from St. Matthias & St Luke Anglican Church by public transit. Each Scout has different responsibilities – from researching the route, plan the packing list & menu and setting up the budget and program agenda. Also, they faced the Scouting skills challenges at the camp – which involved using whatever they can find at the campsite to build a shelter, set up a fire and even a plastic bag to boil water. We also went hiking at Big Cedar Trail & Mt. Seymour and biking at Pacific Spirit Park. To wrap up the year, we invited the moving up Cubs to join us for a Canoe trip at Pitt Lake – Maple Ridge in July. During the few hours, we learned how to paddle, name some plants and trees and saw some wildlife – especially eagles.

## The 33rd Kerrisdale Scouts Group

Scouting also gives members a chance to be a leader. They organized Tree Planting, cleaned up our neighbourhood, helped out at Covenant House to sort out the donations, participated in church events, and also volunteered at the water station for the Vancouver Marathon.

The Scouts are about having fun while gaining valuable leadership skills and self-confidence. We learned to cook our own meals, set up our own shelters, build a flagpole, lead the Scouts' Own, played fun relay games, sung & danced and took the cardboard car challenge among many other activities.

Congratulations to Moon Liu, Olivia Wong, Steven Lee, Jay Liu, Brady Zhang & Aaron Zhang (left to right) for receiving the Chief Scout Award, the highest award you can obtain at the Scout level.

## THE VENTURER COMPANY

Venturer Scouts (between 14 and 17 years old) learn to nurture an active, healthy lifestyle, acquire the knowledge and skills for career development and participate in thrilling outdoor adventures.

### **Venturer Company President's Report**

Looking back, the 2018-2019 Venturer Company had faced many challenges, adventures, and experiences together. The Venturer Company, like the name suggests, revolves around a company-esque system, with everyone having something to offer and contribute to the team effort.

The Venturer program holds great emphasis on having each member help build the program so that it reflects the collective goals and interests we had wanted to achieve. This theme is particularly highlighted with the member-led activities planned and executed throughout the year. The Company had such diverse activities, with Venturers sharing their personal interests with others such as sewing, arts and crafts, sports, and cooking.

At the beginning of the program, the Venturers spent a lot of time getting to know each other through various team bonding activities mostly in the form of outings. The first major outing as a team was fall camp at Stave Lake. There, the Venturers really got to know each other, discover each other's strengths and weaknesses, and practiced their camping skills. Soon after, the Company continued on planning and attending outings such as badminton and visiting a local farm. It was not long after that winter camp came rolling around and the Company had become a cohesive group.

To be completely honest, sit down meetings were a significant portion of the program, as it allowed the Venturers a chance to debrief on previous activities, discuss any problems, and learn how to thoroughly plan events as well as how to effectively communicate their ideas to each other. By doing this, the Company was able to plan more exciting activities like kayaking and go-karting in the latter half of the year.

To finish the year off, the Company decided to go to Alder Flats once more in order to help the newer Venturers acclimate to the process involved with planning and experiencing an expedition camp. In a turn of events, the Venturers had to change their plans and camp out on the riverside near a path going up towards the camp. This experience made for a memorable trip and taught the Company how to quickly adapt when things do not go according to plan. So what seemed to be bad luck turned out to be a blessing in disguise.

Without a doubt, the Venturer Company has grown a lot this year. Throughout the various activities held during the year, everyone in the Company had the chance to develop their leadership and teamwork skills, as well as teaching something new to their fellow Venturers.

## THE ROVER CREW

Rover Scouts (ages 18 -26) aim to grow in the development of leadership skills along with developing a solid set of personal values. Rovers also seek for the opportunity to experience and practice new skills to achieve a well-balanced lifestyle.

### Rover Crew Report

During the 2018-2019 Scouting year, the Rover Crew focused on service and leadership skills. We were able to serve our Group by working in the Beaver, Cub, Scout, and Venturer Sections to deliver a quality program to our Youth members, as well as helping to organize several Group events. We were also able to work on and practice our leadership skills by applying what we had learned in previous years to our work in our respective Sections.

Our Crew worked on three different Group events this year, Thanksgiving Worship, Remembrance Day Parade, and Church Clean-Up. These events tested our planning and execution skills, while also allowing us to connect to and give back to our community. Through our experiences in these projects we gained valuable experience and insight in many project management areas.

The Crew also got the chance to test and work on our project management and public speaking skills by taking part in planning the program for our Group's 2018 Christmas Dinner. This was a big challenge as we had to coordinate with many different teams during both the planning and the execution phases. This project also helped some of our members to step out of their comfort zone by working on their public speaking skills as the Masters of Ceremony for the dinner. Taking on such a big project allowed us to learn many valuable skills that we will be able to later apply to future projects.

## Leader Profiles

Alphabetical order, by last name

### Edward Chan

10 years in Scouting

Place of Birth Port Alberni, B.C.

Main Occupation Contractor

Favourite Books & Movies

Bran Tregare Book Series by FM Busby, Star Trek movies and Fast and Furious Series

Hobbies and Pastimes

I like to keep myself busy so I like to garden, bike, hike and sometimes just spend time with the family.

What is the most important thing you have learned during your time in Scouts?

One thing I found during my time with this Scout group is being part of a big Family. I have learned skills that I could not have learned elsewhere and I enjoy working with the Pack and the leaders. They are parents who volunteer their time to support youths in the Scout movement and share their ideas and experiences with all members in the Scout group.

What are your most memorable experiences in Scouts?

Winter Camp up in Cypress, Camp Pringle on Vancouver Island

Why do you continue to be a part of the Scouting experience?

Support the group so our youths may experience the activities and opportunities they may not have outside the group.

Reflecting on the 20 years of the 33<sup>rd</sup> Group, what has changed? What has stayed the same?

Members come and go but the Mission Statement stays the same.

### Curtis Chen

8 years in Scouting

Place of Birth Vancouver, B.C.

Main Occupation being a high-school student

Favourite Book Wolf Children

Hobbies and Pastimes

3D modeling, coding, Japanese studies

What is the most important thing you have learned during your time in Scouts?

To work as a team you need a kind, capable, and understanding leader and have many committed helpers.

What are your most memorable experiences in Scouts?

Making pizza in tinfoil, making a snow fort, and camping in a small group

Why do you continue to be a part of the Scouting experience?

I still have much to experience, many memories to make, and many friends to meet. Scouts allows me to have these experiences and talk with other people from all sorts of different backgrounds.

Reflecting on the 20 years of the 33<sup>rd</sup> Group, what has changed? What has stayed the same?

I have not actually been in Scouts for 20 years, but I have seen changes in everyone in the group, and as I grew older I grew more aware of the support we receive from the parents and other people. The biggest similarity from when I first joined to now would be the scouting system, teaching people through adventures and making friends and memories while learning in the outdoors.

### Irene Chen

8 years in Scouting

Place of Birth Hong Kong

Main Occupation I.T. Data

Favourite Movies **Tim Burton's movies**

Hobbies and Pastimes

I enjoy knitting, crocheting and playing the ukulele. I also enjoy hiking and travelling with my family.

What is the most important thing you have learned during your time in Scouts?

The most important thing that I have learned during my time in Scouts is the power of teamwork.

What are your most memorable experiences in Scouts?

One memorable experience was my first sheltering experience during Wood Badge II training. I built my own shelter and slept in it for a night. I was afraid that a bear or cougar would come at night, but fortunately I did not see any. Another memorable experience was the DEA trip to Garibaldi Park Helm Creek because it was a challenging and rewarding journey. There was a long, uphill hike along a snow-covered trail which eventually led to a beautiful scenic campground with Black Tusk Mountain as the backdrop.

Why do you continue to be a part of the Scouting experience?

Scouting is a rewarding experience. It gives me an opportunity to help our community and guide our next generation.

Reflecting on the 20 years of the 33<sup>rd</sup> Group, what has changed? What has stayed the same?

I have seen many of our young members grow and become mature leaders. I hope this will continue for many years.

## ELEANOR CHOW

**Be prepared**

What are your most memorable experiences in Scouts?

I visited 2011 World Jamboree at Sweden with scout leaders from other groups.

Why do you continue to be a part of the Scouting experience?

I believe in "give where you live" to support the community. I like to work with kids and see them learn and grow. Their smiles make me happy.

Reflecting on the 20 years of the 33<sup>rd</sup> Group, what has changed? What has stayed the same?

It is a joy to see some of the Beavers become Rover scouts. The Group's "leadership development" mission stays the same, and our Scouters are very committed to deliver a quality Scout program.

Favourite Author Chuck Palahniuk

Hobbies and Pastimes

I play the cello, and I am always on the lookout for new restaurants and cuisines to try.

What is the most important thing you have learned during your time in Scouts?

You don't know what you're capable of until challenge yourself to do it.

What are your most memorable experiences in Scouts?

Attempting to hike through ankle deep snow, stargazing on a beach, sleeping under the stars, falling into a lake, and late night talks at camp.

Why do you continue to be a part of the Scouting experience?

I believe that throughout all levels of Scouting, one uncovers valuable life lessons that cannot be taught through school or work. Through the guidance of Scouters, one develops lifelong friendships and qualities that are applicable to all areas of life. Scouting offers a lifetime of opportunity, and results in the best possible version of one's self. For me, Scouting has challenged me - mentally, by being able to balance both Scouts and school; physically, through various intensive outdoor activities; and emotionally, as people come and go and difficulties arise. Scouting offers not only an applicable way for me to go about my daily life, but also presents real-life challenges in a fun and healthy environment.

Reflecting on the 20 years of the 33<sup>rd</sup> Group, what has changed? What has stayed the same?

Each section has begun to take a more member-led approach to activities. Although we've sort of broken from tradition, we are still highlighting the importance of fun in knowledge, and we are embracing the future's possibility.

## Sarah Wong

Favourite Book and Author

Shanghai Girls by Lisa See

Hobbies and Pastimes

Some of my hobbies include creative writing, ultimate Frisbee, playing and listening to classical music, and hanging out with friends. I also love doing Pilates and am currently a Pilates instructor at my university. In the summer I like to bike and swim, and in the winter I like to ski and go skating with my friends.

What is the most important thing you have learned during your time in Scouts?

The value of teamwork and interpersonal relationships. You will go through a lot of tough times in scouting, whether it's being

unprepared for an incredibly difficult expedition or just having a bad day. Having your Six, or Patrol, or Company - just having your friends there with you - makes all the difference. You can't do everything on your own and you can learn a lot from others. The diverse relationships you will make in Scouting are eternally valuable.

What are your most memorable experiences in Scouts?

My favourite memory is going winter camping in Manning Park with my Venture company. I was perpetually freezing cold, but laughing and having fun building a snow fort with my friends made me forget how cold I was. On the last day, we stupidly ran onto the frozen lake together and I will never forget how happy I was in that moment.

Why do you continue to be a part of the Scouting experience?

Reflecting on my years in Scouting, I had learned so much from my leaders. Besides knotting skills and outdoor skills, I had learned how to be tenacious and how to discover fun in tough times. Growing up, my Scouters made scouting really enjoyable, and I want to be able to give back and influence the next generation even just a little!

Reflecting on the 20 years of the 33<sup>rd</sup> Group, what has changed? What has stayed the same?

Some of the Scouters are less strict now...won't name names! And there is nicer equipment now! Besides that, everything is mostly the same. Same traditions, same campfire songs, same tug-of-war rope at camp, and same "Arm, arm, leg, leg" cheer. Most of all, the same sense of community after all these years.

## Raymond Yee

Favourite Movie

A Cinderella Story or A Walk to Remember

Hobbies and Pastimes

Sports/board games/karaoke/bubble tea runs!

What is the most important thing you have learned during your time in Scouts?

Sometimes it's good to stay on the path others have laid out already. Other times it's ok to explore. Take chances, make mistakes and learn from them. I've been that new Scout who thought I knew everything, the cool and popular one and one hike up Dog Mountain changed me. It was a wet and misty hike and everyone followed the path around a mysterious area but I chose to walk through it. I fell into some weird swamp that was waist high. My patrol members immediately helped me get back up and Scouter Marilyn still offered to drive me home. Now we look back on it and it deserves a good laugh. I've also learned about character building. There is going to be a lot of things in life as we grow older that we have to do; some challenging and some just lacking motivation due to laziness. I've learned to fight through mentally to finish a task and goal, but have also accepted defeat and failure and learn from them for future experiences that will come my way.

What are your most memorable experiences in Scouts?

Camps/hardships/learning through failure and being able to recollect them when I see my scouting family again and passing on the lessons I've gone through but more importantly, listening to those who are sharing theirs with me. I really cherish those.

Why do you continue to be a part of the Scouting experience?

There are always new things for me to learn and it's always good to see how 33rd members grow up and become successful in every aspect of their lives!

Reflecting on the 20 years of the 33<sup>rd</sup> Group, what has changed? What has stayed the same?

A lot has changed. Our uniform, the size of our group, equipment, advancement of our leadership building. We are starting to step a bit outside of our norms, but are maintaining our standards and traditions.
